

AGRICULTURE – FARMERS WELFARE DEPARTMENT

CITIZEN CHARTER

GOVERNMENT OF TAMIL NADU
2026

FOREWORD

“When hunger strikes, all ten virtues go away” (பசி வந்திடப் பத்தும் பறந்துபோகும்). Hence, to make Tamil Nadu a “Hunger free Vetri TamilNadu”, the Tamil Nadu Government has resolved to extend all support to farmers who continuously practice the noble agriculture profession to fulfill the food requirement of all people. Accordingly, the Government of Tamil Nadu has provided the Agriculture – Farmers Welfare Department with Vision schemes.

Based on the Vision schemes, many schemes have been announced in the Agriculture Budget 2026-27 and implemented for the benefit of the farming community.

Since bountiful yield can only be achieved if the soil fertility is preserved without degradation, a special scheme called Tamil Nadu Soil Fertility Mission is implemented. Further, excellent schemes such as providing quality seeds to farmers; ensuring necessary irrigation facilities for agriculture; providing required three phase electricity for agriculture; utilizing high-yielding and hybrid varieties for good harvest; encouraging crop diversification to save irrigation water; food and nutrition security; promoting organic and natural farming to obtain toxin-free agricultural produce; integrated crop management; micro-irrigation; agroforestry for environmental protection and income; agricultural mechanization to address labour shortage; initiatives for enhancing farmers income and value addition as well as food processing for agricultural produce are also formulated and being implemented.

The details of various agricultural schemes to be implemented through the Agriculture - Farmers Welfare Department in the year 2026–27 have been compiled into Citizen Charter, designed for easy understanding by everyone. This charter has been uploaded on the government website and made available for public use.

I proudly state that the Citizen Charter for the year 2026–27 will serve as a helpful guide for farmers and the general public to know the details of available schemes and benefit from them.

Scheme No : 10	
Name of the scheme	Agricultural Mechanization- Sub Mission on Agricultural Mechanization
Funding pattern	Union Government - 60%, State Government - 40%
Project Area	a) 1.Distribution of Agricultural Machinery, Implements, Value addition machinery and Solar dryers to individual farmers with subsidy assistance } All districts (Except Chennai) 2.Distribution of Agricultural Machinery, equipment to individual Forest Rights Act (FRA) patta holders with subsidy assistance. } Dharmapuri, Tirupathur, Dindigul, The Nilgiris, Salem, Namakkal, Tiruvannamalai, Vellore, Villupuram, Coimbatore, Kanniyakumari, Theni, Tenkasi, Krishnagiri, Erode, Kallakuruchi, Virudhunagar, Tirunelveli, Tiruchirappalli and Tiruppur Districts. b) Establishment of Block level Custom Hiring Centres with subsidy assistance } All districts (Except Chennai) c) Establishment of Village level Custom Hiring Centres with subsidy assistance } All districts (Except Chennai, Vilupuram and Tiruvannamalai)

Objectives	• Encouraging individual farmers by distributing agricultural machinery and implements with subsidy assistance and to ensure timely execution of farming operations and to achieve higher agricultural production and yield. • Installation of solar dryers with subsidy assistance to enable farmers to dry their agricultural produce at the farm level itself, thereby facilitating value addition. • Reducing post harvest losses and extending the storage life of agricultural produce. • Promoting value addition and market oriented sales of agricultural produce to enhance profitability. • Encouraging hill area farmers who have obtained land titles under the Forest Rights Act (FRA) by providing subsidy assistance for the purchase of modern agricultural machinery for improving their livelihood. • Reducing the shortage of agricultural machinery by establishing Agricultural Machinery Custom Hiring Centres to enable small and marginal farmers to access high value, modern agricultural machinery and equipment on a rental basis.
Details of works	• Providing subsidy assistance to individual farmers for the purchase of agricultural machinery and implements such as tractor, rotavator, cultivator, rotary disc harrow, bund former (PTO operated), power tiller, paddy transplanter, seed cum fertilizer drill, power weeder, drone, power sprayer, brush cutter, chaff cutter, paddy combine harvester, multi crop thresher, coconut frond chopper, baler, post hole digger, tea harvester, Plastic mulch laying machine, turmeric digger, paddy mobile dryer, remote motor operated electric pumpsets and solar dryer, other value addition machinery and subsidy is also provided for innovative agricultural machinery and equipment developed and improved by the Agricultural Engineering Department, including portable cattle shed, motorized portable grain loader and engine operated sugarcane bunch elevator for loading sugarcane bundles in lorries. • Providing subsidy assistance for the establishment of Block level and Village level Custom Hiring Centres.

Benefits offered (Subsidy)	• Providing subsidy assistance for the purchase of agricultural machinery, implements, value addition machinery and for the establishment of solar dryers, at 50% of the cost or the maximum subsidy amount fixed by the Government, whichever is less for Small, Marginal, Scheduled Caste, Scheduled Tribe and women farmers. For all other beneficiaries, a subsidy of 40% of the cost or the maximum subsidy amount fixed by the Government, whichever is less will be provided. • In addition to the existing 50% subsidy, an additional 20% subsidy from State fund shall be provided to Small and Marginal farmers belonging to the Scheduled Caste and Scheduled Tribe categories, thereby extending a total subsidy of 70%. • In addition to the existing 50% subsidy, Small and Marginal farmers belonging to the general category will be provided with an additional 10% subsidy from State fund for the purchase of power weeders, paddy transplanters and chaff cutters thereby extending a total subsidy of 60%. • Providing 90% subsidy to hill area farmers who have obtained land titles under the Forest Rights Act for the purchase of power tillers, power weeders and brush cutters. • Providing a subsidy of 40%, subject to a maximum of Rs.10 lakh, for the establishment of Block level Agricultural Machinery Custom Hiring Centres with a project cost of upto Rs.25 lakh. • Providing a subsidy of 80%, subject to a maximum of Rs.8 lakh, for the establishment of Village level Agricultural Machinery Hiring Centres with a project cost of upto Rs.10 lakh. • Beneficiaries shall purchase the required agricultural machinery and implements with subsidy assistance from approved and empanelled firms by the Agricultural Engineering Department on their own choice.
-------------------------------	---

Eligibility	• Farmers possessing their own agricultural land and applied through Uzhavar App or online are eligible for the purchase of agricultural machinery and implements with subsidy assistance. • All hill area farmers who have obtained land titles under the Forest Rights Act (FRA) for the purchase of agricultural machinery and implements with subsidy assistance. • For the establishment of Block level Agricultural Machinery Custom Hiring Centres – Rural youth and farmer as an entrepreneur, Women Self Help Groups (DAY-NRLM), Farmer Producer Organizations (FPOs), Panchayats and Primary Agricultural Cooperative Societies. • For the establishment of Village level Agricultural Machinery Custom Hiring Centres - Women Self Help Groups (DAY-NRLM), Farmer Producer Organizations (FPOs), Panchayats, Primary Agricultural Cooperative Societies and Farmers' Cooperative Societies.
Time limit for Implementation	Will be completed within the financial year.

Scheme No: 11	
Name of Scheme	Integrated Agricultural Machinery Hiring Business Centre for Crop Cultivation and Value Addition
Funding Pattern	State Plan Scheme
Project Area	All districts (except Chennai)
Objectives	• To address the prevailing shortage of farm labour, providing farmers with the agricultural machinery required for crop cultivation and value addition activities on a rental basis through a single centre. • To establish Integrated Agricultural Machinery Custom Hiring Business Centres to create rural employment opportunities for educated youth in agriculture related activities, promote value addition to agricultural produce, enhance farmers' income and encourage the development of agricultural entrepreneurs.
Details of Works	Establishment of Integrated Agricultural Machinery Hiring Business Centres equipped with agricultural machinery required for crop cultivation and value addition activities.
Benefits offered (Subsidy)	Subsidy for Establishment of Integrated Agricultural Machinery Hiring Business Centres with a project cost of Rs.25 lakh and above will be provided as follows; • A subsidy of 75% of the project cost, subject to a maximum of Rs.18.75 lakh will be provided to Scheduled Caste, Scheduled Tribe, Women entrepreneurs and Youth who have completed a Degree or Diploma in Agricultural Engineering. • For other entrepreneurs, a subsidy of 50% of the project cost subject to a maximum of Rs.12.50 lakh will be provided. • In cases, where the beneficiary entrepreneur proposes to purchase a combine harvester under this scheme, the subsidy will be limited to Rs.2.00 lakh per combine harvester. Subject to the overall maximum subsidy limit applicable to the beneficiary category, the remaining eligible subsidy amount may be utilized for the purchase of other agricultural machinery, agricultural implements, post harvest machinery and value addition machinery included in the project.

Eligibility	• Entrepreneurs, Registered Farmers' Societies and Farmer Producer Organizations (FPOs) willing to establish an Integrated Agricultural Machinery Hiring Business Centre for Crop Cultivation and Value Addition. • Preference will be given to Scheduled Caste, Scheduled Tribe, Women entrepreneurs and Youth who have completed a Degree or Diploma in Agricultural Engineering.
Time limit for Implementation	Will be completed within the financial year.

Scheme No: 21	
Name of Scheme	Solar Powered Pumpsets Scheme
Funding Pattern	Union Government, Ministry of New and Renewable Energy (MNRE) fund and the State Government Fund
Project Area	All districts (except Chennai)
Objectives	• To ensure sustainable energy supply for irrigation requirement of farmers. • To reduce the maintenance and recurring operational costs of irrigation systems for farmers. • To improve agricultural production through the utilization of renewable energy. • To reduce dependency on conventional electricity and promote the use of environment friendly green energy.
Details of Works	Provision of Off-grid Standalone Solar powered pumpsets (AC and DC type) with capacities ranging from 3 HP to 15 HP for irrigation purposes to farmers.
Benefits offered (Subsidy)	• 80% subsidy assistance will be provided to Small and Marginal farmers belonging to the Scheduled Caste and Scheduled Tribe categories, 70% subsidy assistance will be provided to other farmers belonging to the Scheduled Caste and Scheduled Tribe categories and to Small and Marginal farmers belonging to the general category and 60% subsidy assistance will be provided to other farmers belonging to the general category. • For individual farmers, the provision of solar powered pumpsets with capacity above 7.5 HP will be provided with subsidy limited to that of 7.5 HP.
Eligibility	• All farmers who have a reliable water source for irrigation but without an electrical power connection. • New irrigation wells should be located in safe firkas of ground water extraction where the solar powered pumpsets are to be installed. In other than safe firka areas, diesel engine pumpsets used in reliable water sources shall be replaced with solar powered pumpsets. • Solar powered pumpsets will be installed on a priority basis for farmers who remit their beneficiary contribution amount first.
