

Apprenticeship Training

The **Apprenticeship Training** programme is the combination of, on-the-job training and the classroom training, in any industry or establishment undergone in pursuance of a contract of apprenticeship and under prescribed terms and conditions which may be different for different categories of apprentice. Here the workers earn while learning the skills required for performing the specialized job.

By realizing the importance, during 2018-19, Hon'ble Minister of Agriculture has made an announcement to impart Apprentice Training to the 500 nos on Horticultural aspects and they will be engaged in the and State Horticulture farm in the state.
